WELCOME

July 1st Canada Day Holiday and July 5th US Independence day 2010-06-29

Clicksor is celebrating Canada Day on July 1, 2010 and U.S. Independence Day on July 5, 2010. Our office will be closed and the regular payment submission of the first of each month will be delayed to the 6th day of July, please estimates all Paypal payments to arrive into your account one day longer than usual. All Paypal payments usually take 1 – 3 business days to show up in your account after Payment is submitted.

Best regards,

Publisher Management Team

An Important Publisher Announcement Regarding About Paypal Payments 2010-06-17

Hi,

Thank for choosing Clicksor.com, we are the only major contextual network that offers net 15 payments with \$50 minimum on all payouts.

We would like to remind all publishers who are currently receiving payments from Paypal. There is a \$1 dollar service charge from Paypal for all payments if you are currently using this option.

For more information about a list of fees that Paypal charges, please visit
https://www.paypal.com/ca/cgi-bin/marketingweb?cmd=_display-fees-outside.

If you would like to avoid the \$1 payment, we recommend that you use the check payment option. Please consult you banking representatives for all potential service charges from your bank.

Note: the minimum for check payments is \$50. If there are any questions or concerns, feel free to contact your account representatives. Thank you.

Best Regards,

Clicksor Publisher Support Team
